P2 interns are a great value

If you have an organization in the following states, you may be able to take advantage of an internship program. Interns are engineering students trained to identify and evaluate savings opportunities and to help companies examine processes and implement changes.

NEW YORK
Erie County DEP P2TAP
New York State and Buffalo State College
Contact Tom Hersey, (716) 858-6370
herseyt@erie.gov
www.erie.gov/environment/compliance/p2tap.asp
Specializes in the hospitality industry but willing to offer insight to all businesses
