Incentives to Change
Reducing emissions improves air quality which protects the health of employees, the surrounding community, and the environment.

Organization
Hope Community is a local development organization that works to improve the well-being of the Phillips Community by strengthening leadership capacity and connections among residents.

Intern Project
Engaged local auto shops in the benefits of safer cleaning and degreasing products to promote broad adoption.

Solutions

Switch to Safer/Cleaner Products:
Evaluate products currently in use, then educate businesses on the benefits of switching to cleaner products.

Identify Safer/Cleaner Products:
Identify safer and cleaner products by reviewing the Safety Data Sheet (SDS) to identify HAPs.

Switch to aqueous parts washer:
Replace parts washer to utilize safer, aqueous-based detergents instead of solvent-based.
