

# Aqueous Cleaning Equipment Manufacturers

Minnesota Technical Assistance Program ■ REFERENCE LIST

Aqueous cleaning equipment manufacturers offer a wide range of cleaning equipment and related accessories. Most equipment listed below is intended for manufacturing applications—from degreasing manufactured metal and plastic products, to defluxing circuit boards or electronic devices. Some equipment is also intended for industrial maintenance operations.

MnTAP maintains the following list of aqueous cleaning equipment manufacturers solely as a service to Minnesota companies. This is not a complete list and does not represent an endorsement by MnTAP. MnTAP, by providing the list, does not guarantee that the products do or do not comply with environmental and safety laws in any specific application.
